

The COUNTAMAT range of laminated material has been designed specifically to meet the exacting requirements of the diemaking industry.

It is a high strength laminate based on fine woven glass fabric reinforced surface layers combined with a phenolic-kraft paper core.

Characteristics	A fibreglass reinforced surface ensures high wear resistance
Colours	Brown and Black
Thickness	0.40mm, 0.45mm, 0.50mm, 0.55mm, 0.60mm, 0.65mm, 0.70mm, 0.75mm, 0.80mm, 0.85mm, 0.90mm, 0.95mm, 1.00mm, 1.05mm, 1.10mm, 1.15mm, 1.20mm, 1.25mm, 1.30mm, 1.35mm, 1.40mm
Thickness Tolerance	Material is supplied within close tolerance limits of: +/- 0.02mm. for sheets up to 0.80mm thickness +/- 0.03 mm for sheets greater than 0.80 mm thickness
Sheet Size	Standard sheet size available is 1070 mm x 1050 mm

QUALITY SYSTEM APPROVAL

Approved by NSAI to EN ISO 9001:2008
